department meeting along with the facilities of every department. Guidelines taking from both the University and College staff Council. IQAC prepares an advance academic calendar well with including all the plans, programmes with the finer details. Following the finalized academic calendar, the department will be allotted with classes, subjects and papers. Every staff council members dedicatively performed well in both theory and practical subjects uniformly. Every individual teacher will be motivated and encouraged to make their own systematic planning and to fix their own objectives in the teaching plan and strength by all means to achieve the same. By this Progression, an ample provision can be given to the faculty member to plan, prepare, discuss and document their lesson plan and it is motivated by the institution to impart the lesson through digital mode using innovative ICT methods. Required infrastructural amenities for the implementation of such programmes are provided by the college adequately, as per the pecessity the course materials

provided by the college adequately, as per the necessity the course materials are prepared for online and offline classes and also basic technical knowledge need to convert the manuscripts into digital documents are given frequently. Staff are also encouraged to apply their course materials either to the college website or to the University Portal. Staff members were encouraged by the college to attend various courses, Seminars and Conferences to update their knowledge on their topics of concern and also to get updated on various innovative teaching methods. The teaching are privileged students are highly concentrated and always insisted approaches advocated to the Departments to attend the specific needs of students leaning and also slow learners are given extra coaching and Remedial Classes, their as for the top ranking students exposure to advanced learning platforms are made. The required supports are given to the students, especially for the girls students hailing from the rural background. IQAC plays a monitoring role between the decision makers and the executives. Strict adherence encouraged all through besides the reporting the documentation procedure supported by IQAC .

Parents			Yes						
1.4.2 – How the feedback obtained is t maximum 500 words)	eing analyzed and	utilized for overall	development of the institution?						
Feedback Obtained									
We could not obtain a comp stake holders for this acay from the feedbacks of pares analysis was made and some outcomes were divided into aspects: The various acades appreciated by the parents the teachers were found mus facilities with ICT equipma learning. These facilities	demic year of nts, Teachers, useful conclu four categori mic activities and students. ch useful to t ents and also were observed	reporting. Bu Students and ision were obt ies, as explai and efforts The remedial them. They ins to install ac	At with the available data A Management a systematic cained, their responses and ined below. 1. Academic taken by the college were a coaching classes given by sisted for smart classroom dequate wifi facilities for a by the management						

immediately. 2. Infrastructural aspects : At every department drinking water facility and adequate restroom facilities were projected mainly. This problem immediately responded by the management, (RO) drinking water system were established at all the blocks .The toilets for both boys and girls were renovated and extended. 3. Personality development aspects: Many parents and students are requested to provide opportunity to learn life skills while studying their main degree courses. Various skill development and personality development courses were suggested. All the departments encouraged by IQAC, to plan for a short term certificate courses on these subjects with the minimum financial requirements. Almost all the departments had taken this challenge and planned to excel. Based upon their observations, from the feedback, mainly they insisted for redressal systems and fees concessions. So management immediately established effective redressal systems along with student counselling. And also management has announced reduction of fees for various deserving groups of Students. Hence, Received from the limited feedback, the College utilized some of the key aspects towards the all developments of the institution.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

Taking the guidelines from both the University and College staff council IQAC shall prepare an Academic calendar well-in-advance, including all the plans and programmes with the finer details. Normal working days, holidays, CIES, functions and date of academic importance are included in the plan. This will also include the dates like CIA submission, reopening and last working days and bridge courses for English learners and other relevant events. Two CIES are planned, one as Mid-semester exam, in the middle of the semester and Model exam at the end of the semester. Examination committee is determined to conduct both the exams as per the schedule with the quality not less than that of University examination in all aspects. A Chief Superintendent of Examination along with the committee meticulously plan the program, timetable, Staff duty, Evaluation process and submission of final report. After this, IQAC will recommend the departments to have a result analysis, and identity the students with difficulties. This enables to have remedial coaching classes for the needy students. Also, a planning meeting of various departments and service organizations is conducted to organize the functions/ Programs mentioned in the academic calendar in a proper way. Without disturbing the mainline of academic activities, various events related to the overall developments of the personality of the students are encouraged. This has an ultimate result of inculcating confidence in the minds of students hailing from the remote rural areas.

2.6 – Student Performance and Learning Outcomes

2.6.1 – Program outcomes, program specific outcomes and course outcomes for all programs offered by the institution are stated and displayed in website of the institution (to provide the weblink)

of students we have the following procedures and policies for maintaining and utilizing physical, academic and support facilities. Laboratory: A separate SOP is maintained for all the science laboratories. Record maintenance is done by lab technicians and supervised by HODs of the respective departments. Other measures to maintain laboratories are as follows: The calibration, repairing and maintenance of sophisticated lab equipment are done by the Company technicians and the microscopes are annually cleaned and maintained by the concerned departments. There is systematic disposal of waste of all types such as bio-degradable chemical/chemical and e-waste. Library: All students are issued library tokens and books will be lent on presentation of the token only. Reference books and rare books shall not take outside from the library however students are allowed to refer them inside the reading room. To ensure return of books, 'no dues' from the library is mandatory for students before appearing for semester exam. Proper account of visitors (students and staff) on daily basis is maintained. Sports: Physical Director is the in charge and will maintain the sports equipment/Gym in the college. Students are utilizing the sports equipment and practising various games daily morning and evening before and after college working hours. Our students have participated in All India Inter University Competitions, University Inter Collegiate, and Tournaments at various games and sports. Computers: Centralized computer laboratory is established. Computer maintenance will be done regularly by the department of computer science. Classrooms: At the departmental level, HODs submit their requirements to the Principal regarding Classroom Furniture and Fixtures. Cleanliness of class rooms is maintained by sweepers. Students are sensitized regarding cleanliness and motivated for energy conservation by careful use of electricity in classrooms.

5.3.2 – Activity of Student Council & amp; representation of students on academic & amp; administrative bodies/committees of the institution (maximum 500 words)

istrative bodies / committees of the Institution College encourages the participation of students at various decision making bodies to create a more effective atmosphere for teaching and learning. Institution offers various responsibilities to the student representatives. Various administrative, academic and co-curricular bodies are interested to engage them in different decision making processes. At present college has accommodated two students in the Anti ragging committee constituted by the direction of the district administration. one senior student and one fresh first year student are accommodated in the Anti ragging committee and Anti ragging squad. In Department of Physical Education, student representatives both boys and girls from various sections of the college are engaged as General captains and encouraged to help in decision making. In IQAC also a student representative is given opportunity to share the views of the students. In Hostel administration students are encouraged to have administrative committee to manage the Welfare, Discipline and Finance. In all the other extracurricular activities like NCC, NSS, YRC etc students participation as leaders and office bearers are encouraged. On the other side, in the core academic part, the participation of students are encouraged by giving them various responsibilities and representations. Every class will have an elected representative from among the students who will represent the class in all the forum. Class representative will be the nodal person between the department and the class. He/She will convey the requirements of the students to the department as well as the instructions of the department to the class. Also every department will have a Department Association and this association will have the Head of the department as the President and one student will be a Secretary of the department along with another student as Joint secretary. These two students will take part actively in various departmental activities like arranging seminars, conferences, cultural events, outreach programs and grievance redressal. In addition to the above, various representations to the local administrative bodies and also District level and State level are offered.

5.4 – Alumni Engagement

5.4.1 - Whether the institution has registered Alumni Association?

No

0

5.4.3 – Alumni contribution during the year (in Rupees) :

5.4.4 - Meetings/activities organized by Alumni Association :

00

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

During the last academic year there were various occasions through which our college has upheld the practices of decentralization and participative management. To mention the prime two aspects in this regard we put forth Activities of the academic Council Participation of students in decision making at various organizational matters. These two things are explained briefly here. 1. Activities of the Academic Council In the last academic year, the academic Council met 5 times to deliberate and decide on various activities of the college. The first meeting was held to discuss Admission procedures, admission status, English language bridge course, Academic calendar and Annual budget requirements of the departments and the college. Various decisions were taken unanimously by the Staff Council and accepted for immediate implementation. The management also accepted the decisions of the Council and supported the implementation. Second meeting on CIA examinations and functions, third meeting on semester completion ,Vacation and Christmas function, fourth meeting on even semester work load, time table and academic calendar and the fifth meeting at the end of academic year on University examination and vacation program. All these decisions and recommendations from the Staff Council were approved by the management and supported the implementation by all means. Financial implication towards these activities were also well taken care by the management through Bursar as its representative and Head of the financial department to encourage the decentralization process and participative management. 2. Students Participation. Students participation on various activities department wise were encouraged in the last academic year. The opinion of the student representatives on fixing various programs to the students are given due consideration. In various service organizations, students were engaged as office bearers and all the decisions on their activities have been taken with their consensus. More particularly various sports and games conducted at our campus Organized with the active participation of the students. Last year the contribution of students in the fine arts anti ragging committee and in IQAC were worth mentioning. Students representation on revision of fee structure, requisition of amenities, general discipline and welfare measures were attended with the utmost care as and when required.

6.1.2 – Does the institution have a Management Information System (MIS)?

No

6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
Curriculum Development	Practical difficulties experienced as an Affiliated college in implementing the University framed syllabi were listed out and communicated to various Board of Studies and Academic Standing committees of the University for appropriate revision and an improved implementation. Staff members were encouraged to update themselves to cope up with teaching of the newly introduced papers and courses. Staff
	members were encouraged to upload the course materials prepared for their papers in University website and on the
	other hand, the students were

Tooshing and Learning	encouraged and directed to download the required materials from University website for their preparation.
Teaching and Learning	Our college encourages the faculties to impart the curriculum through innovative teaching methods by using ICT tools and presentations, giving assignments to the students, conducting Quiz Programmes, organizing discussions, workshops, seminars, industrial visits, field visits, practical works in the Laboratories and imparting computer education apart from regular chalk talk methods.
Examination and Evaluation	One CIA test, one Mid semester examination and one Model examination were conducted in the academic year 2017-2018. Except for CIA which was conducted at the concerned departments Mid semester and Model examinations were conducted in a centralized manner following all the procedures of the University examinations to improve standard and quality. Staff from all the departments where shuffled and given responsibilities both in examination invigilation and evaluation duties. Evaluated marks are intimated to the students by putting them in the department notice boards.
Research and Development	Research and development is one of the strengths of our college made remarkable achievements during this academic year 2017-18. For the benefit of the Research Advisors and scholars, the approved version of UGC - Care list, Scopus and Science Index lists were frequently informed. Many Research scholars were given extra support by means of writing experimenting data analysing to publish quality papers in more numbers. Research scholars are encouraged to attend seminars and conferences conducted throughout the state.
Library, ICT and Physical Infrastructure / Instrumentation	For Library, a new computer system was installed in library accession counter. On the physical infrastructure side, we had a quantum jump this year, by planning one new academic block for the department of English at the cost of 50 lakhs was initiated. On instrumentation side, all the laboratory based departments are provided with given 40000 each in this year.

6.4.1 – Institution conducts internal and external financial audits regularly (with in 100 words each)												
The college administration making financial audits regularly. This year, the internal audit made by the accounting team headed by the Bursar of the college. As Bursar is the head of the financial dealings he regularly checks the accounting system along with his team of accountants and clerical staff and provide internal financial audit regularly. As well as, our college also hiring service from the external agency by name Bernard and Co Auditors from Mayiladuthurai to have external financial audits. In addition to these, the government is also regularly sending auditors from regional director of collegiate education office to audit the accounts of the year. All these things together make the financial auditing system perfect.

6.5.2 – Activities and support from the Parent – Teacher Association (at least three)

As there is no Parent Teacher Association functioning in our college and hence there is no activities to report in this regard.

6.5.3 – Development programmes for support staff (at least three)

This year an exclusive endowment was created for supporting the children of supporting staff studying in our institution to meet their study expenses. In the first year of the implementation three children were identified and supported. Measures are being taken to get various allowances, concessions and financial support from Government and Non-governmental organisations. Every year, during the Christmas celebration time, for the supporting staff are presented with special Christmas gift along with dress and food materials. Counselling and guidance were given to the Non teaching staff, Administrative staff, Lab assistant, Library assistants, Store keepers and other supporting staff team as and when required and extended to the families also, in some

cases.

6.5.4 - Post Accreditation initiative(s) (mention at least three)

As the previous accreditation was held long back, the remarks of the accreditation were already attended and so there is nothing in this year on this aspect.

7.1.7 – Initiativ	es taken by	y the institutio	n to m	ake the cam	pus eco-frie	ndly (at	t least five)			
In solid waste management, we have there solid waste degradation pits in a large scale capacity in the main campus and three medium scale pits at Boys Hostel, Girls Hostel and Principal quarters area. All these pits are cleared regularly and utilised as fertilizers in the gardens, apart from selling out for agricultural purpose. A vermi compost unit and bio compost unit are maintained at the department of Zoology. Food and vegetable wastes from the hostel mess are supplied to the hostel workers at free of cost to feed their cattle. As our place is experiencing heavy rainfall for nearly 04 months of a year, collection and disposal of solid and liquid waste from the restrooms are done with utmost care regularly. In liquid waste management, we have two important points to elaborate. First, the harmful chemical waste derived from Chemistry, Bio Chemistry and Zoology laboratories are collected cautiously and maintained in an exclusive soak pit constructed much away from water sources. Frequently these pits were cleaned and the residues were disposed carefully. Next, the waste water from college cafeteria also collected in an ordinary soak											
Next, the	waste w			ege cafet and dispo			rected	in an	ı oraı	mary soak	

7.2 – Best Practices

7.2.1 - Describe at least two institutional best practices

As our college is situated in a rural remote economically backward area. The main support required by the Student community is on financial aspects. In this regard two important things were carried out as below: 1. Manna scheme: Manna scheme is an exclusive scheme established and practiced in our college to provide one time meal at all working days to the students travelling from a long distance and coming from a very poor background. In this project all the staff members are contributing from their own voluntarily and that contribution amounts to 30000 per month. In every month nearly about 120 students were benefited out of the scheme and the total expenditure for the previous year is around 250000 rupees. 2. Support for Students: Many of our students are excellent in studies but needs some sort of financial help. For supporting them there are nearly fifty endowments were created and maintained in the college, with total worth of rupees 19 lakhs. These endowments cover almost all the departments and all the deserving students who are with the requirements to support them in studies as well as the extracurricular activities. Every year nearly 1.2 lakhs are spent for this aspect.

Upload details of two best practices successfully implemented by the institution as per NAAC format in your institution website, provide the link

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

The vision of our college has accommodated seven distinctive areas to make student community equipped for the brave New World. the Institution has performed distinctively in one area of its vision giving priority and thrust both quantitative as well as qualitatively. That Prime aspect is "Gender Equality", our college is now dominated by girl students to the extent of 70 against 30 of boys. Still as girls are hailing from remote rural, down trodden background, practicing of gender equity and establishing the gender justice are very much lagging. To mitigate this situation college has convened Women Cell of the college. The coordinator, Dr.B.Kavitha Assistant Professor of Chemistry and the women cell team has planned many programmes. For an extended reach of this concept, women cell has organized many programs on this thrust area and given wide exposure to many students. College encouraged the participation of girl students in Cultural activities, Fine Arts performances, Social service activities and talent expositions . This year we have given more

representations to girl students in various committees formed in the college, there by the participation of girl students in decision making was enhanced. Girls students also participated in many decision making systems like IQAC,

Anti Ragging cell committee and Sports captainship. Special attention has been given to the students who are coming from long distance, by providing them food by Manna scheme. Nearly 70 of Manna beneficiaries are girls students. Endowment beneficiaries were also have more from girls students. Such a long time efforts resulted in unique University rank holders list, as out of 14 rank holders 13 are girls students. To create confidence in the mind of girls students various self reliant, value added courses were conducted in the campus giving priority to the girls. Particularly, the courses like lab technician course, tourism and travel management, computerized accounting, mushroom culture, sericulture, apiculture and preparation for competitive examinations were helpful to the girls students to achieve the vision of the college in gender justice.

Provide the weblink of the institution

8. Future Plans of Actions for Next Academic Year

In consultation with management and academic staff council, the college has come out with future plans as mentioned here, 1. In the physical infrastructural side, an indoor stadium has been planned with the possible funding of UGC. 2. Spacious and Hygienic cafeteria is planned for the students and staff. 3. Establishment of language lab 4. Construction of Ramps for Wheel Chair at all the academic blocks. In the ICT area, the long pending Library automation will be given priority and Information Management System (IMS) for the College Administration and student welfare management will be organized next year. In the Academic side, teaching learning audio-visual studio is going to be established. All the departments will be installed with WiFi. 12 value added courses will be conducted throughout the academic year by various departments. Adoption of Villages for awareness and extension activities will be made in next year. In the Green Campus efforts, botanical garden with an Integrated Animal farm at the Zoology department will be established. On also 3 blocks will be installed with solar panels with total power generation of 3KV at Administrative building, Physics block and Library block.
