**OUT REACH PROGRAMME**

**2021 - 2022**

## **REPORT FOR THE OUTREACH PROGRAM – 2021 -2022**

The one day free dental camp was organized by PG & Research Department of Zoology, TBML College, Porayar in association with Vijay's Multispecialty Dental Hospital, Karaikal on 22<sup>nd</sup> April 2022. A team was led by senior Dental surgeon, Dr.Senthilkumar and 8 intern doctors carried out dental treatment for the college students. This Dental check-up were provided free of cost, which included oral cavity examination besides oral health talk, oral hygiene instructions and tooth restorations.

The main aim of the camp was to provide basic dental health education to the College Students and motivate dental hygiene maintenance and also to motivate dental health in the young generation and activate dental hygiene for the future society.

This camp was carried out with the curiosity to find out the prevalence of dental diseases in College students with deciduous dentition and early mixed dentition.

Around 800 College students from various departments of our College were benefited from this educative and motivating dental health camp. Out of the 800 College Students that were examined, 160 of them needed treatment for dental caries and others need counselling towards Oral Hygiene.

It was evident from the treatment given to the College students, the oral hygiene seemed to be a neglected part hence counselling was given to them. The motive of the dental camp was achieved to its maximum with the efforts of all the people involved. We thank the management, Principal, Bursar, Heads of the Department, faculty members and students for the support.

To know the practical side of Journalism the students of our department visited the Dhinamalar Press, Trichy. The staff in the press explained the operations of Journalism and the process of printing the Newspaper. The students also had an interaction with the chief editor and cleared their doubts. The students were accompanied by the staff members of the department Mr. M. Johnson Sangeetharaj, Ms. J.Madhumitha Stri, Ms.T. Ponni and Ms.E. Eeva Nesanargunam .

A few students along with Mr. M. Johnson Sangeetharaj attended the YMCA, National Students Assembly at Mysore on 18<sup>th</sup> March 2022, to improve their leadership, communication, commitment and co-operation. They had a chance to meet students from other states and form new friendships. They also visited tourist places in Mysore.

Our first P.G students went on Educational tour to Wagamon in the month of Feburary accompanied by Mr. M. Johnson Sangeetharaj and Ms. G.Tracy Priyadharshini. The students had time of fun and friendship and also learnt about the history and culture of that place and developed teamwork and social skills.

**EDUCATIONAL OUTREACH PROGRAMME**  
**DEPARTMENT OF CHEMISTRY & BIOCHEMISTRY,**  
**T.B.M.L.COLLEGE,PORAYAR-609307.**

**2022-2023**

As part of the Educational outreach initiative Chemistry & Biochemistry Department, T.B.M.L College, Porayar, Organized an outreach programme in Tavasumuthu Nadar Hr.Sec.School, Porayar-609307 on 22.09.2022. A team with Head Dr. G.V.Pandian and staff members, Prof.R.Kanaga, Prof.R.Kalaivani, Prof.S.Thilagavathipillai, actively participated in this programme.

Dr.G.V.Pandian, Head, Department of Chemistry and Biochemistry actively empowered the young school students to achieve their dreams of their future.

Prof.R.Kanaga explained about the infrastructure facilities, library, well-equipped laboratory, spacious playground of TBML College, to make the students recognise the importance of the college.

Prof.R.Kalaivani also motivated the students by explaining why there is a need to study science subject especially Biochemistry & Chemistry. She pointed out that chemistry is so fundamental to our world and plays a vital role in everyone's lives and touches almost every aspect of our existence in some way.

Prof.S.Thilagavathi Pillai emphasized that Biochemistry is everywhere in the world around us and also in the food we eat, clothes we wear, water we drink etc., and chemistry sometimes is called the "Central Science" because it connects the other sciences to each other such as physics, geology, biology etc.,

Dr.B.Kavitha took remedial class for the weak students in certain topics of Chemistry where the students felt difficulty. The students raised certain questions and the same were clarified by the staff members. In this session the students were very interactive.

Dr.M.Jiyavudeen took practical class and the doubts raised by the students regarding practical were clarified by the staff members.

In addition to the programs,educational support and services include personal and career counseling, time management and learning strategies are also activated by Dr. G.V.Pandian.

More than 80 school students actively participated and benefitted by this program. In the individual discussion and group discussion some subject related questions were asked by Prof.R.Kalaivani. The answered students were awarded with prizes to encourage them. This interactive individual discussion and group discussion were designed to meet the individual needs of the student.
